

US Army Corps
of Engineers

South Pacific Division

Thumbs up

- Pacific Coast Navigation Community of Practice
 - NWD, SPD, POD, all dredging Districts (Cross discipline team).
- SPD Navigational PDT.
- Regional Sediment Management
 - Coastal Sediment Management Workgroup
 - Bay LTMS
 - DMMO
 - Contaminated Sediment Task Force (driven by Ports)
- Flexibility in environmental windows
 - Data gathering in partnership with resource agencies pays off
- Plus up in Beneficial Reuse.

US Army Corps
of Engineers

South Pacific Division

Thumbs down

- Budget flat lined and budget process becoming more difficult
- Re-Programming in O&M
- Over-dredging
- Costs of doing business is escalating rapidly.
 - ◆ Environmental window impacts on dredging and disposal.
 - ◆ Water quality impacts on dredging and disposal methodologies.
 - ◆ Contaminated sediments dredging and disposal.
 - ◆ Data Collection Costs
 - ◆ Beneficial reuse
 - ◆ Marine Sanctuaries
- Level of Service – expectations by all customers.
- Future Port Requirements – Can we respond in a reasonable time
